Walla Walla County Announces Seven COVID-19 Related Deaths
Reminder to Stay Healthy, Get Vaccinated, Keep our Community Safe

WALLA WALLA, WA – Walla Walla County Department of Community Health confirmed seven COVID-19-related deaths this week. County health officials were notified that a man in his 30s, a woman in her 60s, a woman in her 70s, a man and two women in their 80s, and a man in his 90s, that tested positive for COVID-19, passed away. Our sincere thoughts and heartfelt condolences go out to the individuals' families and friends during this difficult time.

Case Overview (as of 2/25/22 @ 8:45 AM):

- Confirmed Cases: 15,348
- Recovered: 14,887
- Deaths: 129
- Active: 339 (includes 163 WSP inmate & 40 WSP staff)
 - Home Isolation: 326
 - Hospitalized: 13

Case counts are frequently changing as new cases go through county case investigation and tracing. More information about cases, including community of residence, age, and gender, can be found on the Walla Walla County COVID website.

DCH would like to remind everyone that there are resources available for anyone in our community that may be feeling the stressful impacts of COVID-19. Those looking for help can visit www.covidwwc.com/struggling-to-cope or email health@co.walla-walla.wa.us. Both English and Spanish language assistance is available.
